

# Note to Parent

February 28, 2019

Dear Krueger Parents and Guardians,

There is an internet challenge called the “MoMo challenge” that is on YouTube and showing up on games/ videos that would normally be thought of as kid-safe. Please be aware this challenge may frighten your children and is highly disturbing. We advise you to closely monitor your child’s internet activities. Marion ISD has shut down all access to YouTube for the district in order to protect your students while at school.

Sincerely,

Mrs. Robertson and Ms. Endicott
